My dear Sir

In my official letter
no/ 1684/62 of 2nd September
I have submitted certain
proposals for orders, along with
the proposal to transfer the present
temporary establishment to the
permanent scale as the Free
Town System has been completely
introduced. This I trust

will be duly submitted to you.
And in my official letter
no 1740/64 of 2nd September
I have requested that the pay
of the Excise Commr: should be
raised over & above that of
the Deputy Commissioners. I
and hope
am sure that in the interests
of the Department and for
giving it the necessary prestige
and certainty of success, the
reasons that have been given

may commend themselves
to your approval

Apart from that, personally
as affecting me I would
submit for consideration that
(1) All the Dy Governors now in
districts are my juniors and
there can be no difficulty in
giving me a higher status
even having regard to con-
siderations personal to the seven
Dy Governors. (2) I am not
in the graded service junior
to several officers now occupying
positions with higher salaries

than I now draw namely Mr
A Ranganaiy Iyengar & Mr
Narahari Rao. Even Mr C
Srinivasa Iyengar who is an
admitted junior draws an
allowance making the aggregate
of his emoluments more than
mine. (3) I became entitled
to draw 1200 as Dy Comd in 1892
but I was only allowed to draw
the pay of the grade I held by
increments. (4) Since I began
to draw 1200, several officers
who were drawing much
smaller
pay

2/

drew and are drawing

1200 namely

1. Col Campbell Walker
in one year rose from
1000 to 1200

2 Mr Cook 3 Mr Rhaba

4 Mr Subbaraya Iyer
Sample 5- Mr V. N
Narsinu Iyengar Pleader
Sample 6 Mr Venkata
Varda Iyengar and
Mr Madra all had
their pays raised and
now draw 1200

thus I feel that my case has been neglected by Government and though late I submit & solicit that as my advancement is doubly called for both to remove my personal grievance and to improve the administration of the department which has from much in importance, early favorable orders may be passed in the matter. I have now served for more

than 26 years.

I have not in the above said any thing which had not your sympathetic approval on more than one occasion when I had opportunities of personally representing these matters to you

The only other matter, I have to urge for early consideration is the passing of the Act now awaiting orders before Govt.

Respectfully beg you to be excused for the

Does not Mr Davy now occupy a status of a 7 (one)? His pay is I think 700 Rs. The minimum pay of a 1st grade 7 (one) is how many years to be drawn 20/10 700 ?

(Please see the officiating Dewan's queries dated 20th October 1900 below).

answer

Offg Dewan's queries -

(1) Does not Mr Davy now occupy a status of a Dy Commr?

The status which Mr Davy occupies as Dy Excise Commr in the Excise department is not definitely given in the Government order. His pay was raised from Rs 600/- to 700/- ~~in November~~ with effect from 15th October 1896 and his official designation was altered from "Assist to the Excise Commr in mysore" to "Deputy Excise Commissioner in mysore". (vide serial no 12 & 13 in file no 15 of 93-94)

(2) His pay is I think, 700 Rs the minimum pay of a last grade Dy Commr?

Yes. He now draws Rs 700/-

(3) Since how many years is he drawing Rs 700/-?

He has been drawing Rs 700/- since 15th October 1896, for the last 4 years.

I think the despatch of two days' application alone w[ill] give room for discussion — The Govt dept now consists of

1 Engineer on Rs 1200
1 Dy do on . 700
1 Asst Offr . . 600
2 Asst (mins) on Rs 300 each
1 Office Asst on . 300

As the prospects of promotion of the Offrs in the Govt branch are not so good as they are Rs 1200 Asst (mins) a grievance is preferred — I think when the reasons of Estbt proposed by Mr Samuel is considered Mr Dacey's claim for promotion may also be disposed of. As the Memo in it is considered the Govt Jour. (through the Govt Estbt) along with the Asst Engr may also be considered along with the Asst Engr of the 2-E.D. Circle

2/11/00 submitted to 2-D Asst Engr Circle Rs 1111/00

It will become time before I shall be able to prepare proposals for revising the establishments I do not think that question is so urgent as the promotion applied for by two days. If the Govt is agreeable that question maybe considered & disposed of separately. If he is not agreeable the papers maybe filed until called for by me again

21/2/01.

With all deference I may be allowed to remark that I never proposed that the Jt Dewan should wade through the huge file. There is a proposition ~~before~~ Statt already on the file. I have made myself as clear as I could in the former memo. I give the total expenditure involved. Let Govt if they are prepared to undertake this expenditure I will then bring the scheme up to date & send in proposals also for recruiting fatherless graded inspr & Superintendents My object is that

After I have taken the trouble to elaborate a scheme it would be thrown out on the plea of want of funds.

It is impossible for me to say whether the Govt may take any of my proposals. AH

My proposals for an Inspectorate in the Govt dept have been so rejected & some old retrenchment Committee recommendations made under a totally different set of circs quoted against me. What I want to know whether Govt are prepared to sanction additional establishment costing altogether Rs 35,472. or not —

There are no such recommendations in any of the Committee's reports AH

This is the point to decide. The Govt cannot decide for himself AH

16/86

All that I seek is to know from the authorities whether I can go on preparing the scheme or not. What I ask for is in this memo. abstracted & urgently required, i.e. a statement of the cost of that staff as compared with the present. If this is sent on I will refer the matter to Govt. 22/2/06 AH

(Office note continued) 16

The above order was communicated to the Excise Commrs who in reply state that, of the proposals formerly made involving an additional expenditure of Rs 35,472/- certain items costing Rs 6348/- have already been sanctioned, leaving the sum of Rs 29,124/- still unsanctioned, and that, by further revising this office establishment with an additional expenditure of Rs 1800/- per annum, with a view to make the scale of salaries conform to those of the Offices of the Conservator & the Comptroller, the total amount to be thus sanctioned would amount to Rs 30,924/-. But out of this proposed additional expenditure viz Rs 30924/-, the Excise Commrs requests that the following items

Excise Commrs letter no 5015/260 dated 24th April 1901, under reference

at an annual cost of Rs 12,144/- which are absolutely and urgently required, may be sanctioned, the remaining proposals being reserved for a more favorable opportunity:—

(1) Increase proposed to the Excise Commrs office establishment as per statement submitted.	}	Rs	4,716/- per annum
(2) Increase of pay to 34 Sub Inspectors from Rs 10 to 15/- ie at Rs 5/- each	}	"	2040/-
(3) Increase of allowance to 40 Supervisors (Price Rs) from Rs 15 to 25 ie at Rs 10/- each	}	"	4800/-
(4) Seven peons for the seven Inspectors sanctioned for Hassan & Kadur Distts in Govt Proc of 24th December/97 and 3rd May 1899 (vide Sl nos 34 on file.) at 7 Rs each	}	"	588/-
		Total Rs	12,144

In addition to the above, the Excise Commr also requests

per annum.

The cost of the existing temporary establishment is as under :—

(1) Sanctioned before August 1899 as per office statement — Rs 64788

(2) sanctioned since August 1899 — 6348

also increase given to two peons who watch the Distillery bank. — 36

salaries of the Office of the Excise Commr to should be raised over and above those of the Dy Commrs. The Excise Commr's present pay is Rs 1200/-

(2) That the pay of Mr Davy Deputy Excise Commr be raised from Rs 700/- to 800/- as he has completed more than 2 years & a half of service as Deputy Excise Commr.

The above matter was also represented in detail in the Excise Commr's D.O. dated 7th September 1929 (marked with slip).

A reminder has since been received submitting for favorable consideration of Govt a copy of letter from the Deputy Excise Commr about the increment of pay recommended to him.

I dont quite understand his comparison. The case is regarding a pending & the matter coming, what I am

Comparing the department with the Police Department, (which probably is not to be considered more important, as the Excise Revenue is about 35 lakhs) the head of the Department in Police has been given higher pay & status; his Assistant has only been newly made a Dy Inspr General but I believe the status is lower than that of a Dy Commr; the Inspr General has now

It had been settled long ago that Mr Kearns was to revert to the Madras service from 1st July 1901 and the fact duly communicated to the Excise Commr. But the provision of Rs 7 8357- was however made in the Current year's Budget on account of pay &c. of Mr Kearns (Special Excise Assistant Commr.) The Budget was sanctioned on the 11th July 1901, but the provision made has been retained.

Sl(21) As G.O. No 460/E/71-97 dt 21.7.03, the Secy (11) was asked to submit for the reference of

of Court a set of rules for prescribing the qualifications to the several grades of the Excise Dept. and report to Govt if the men already employed have received any training & are sufficiently qualified — The Excise Comr has accordingly drawn up a set of rules & states that the Inspectors & Asstt Inspectors already employed are fairly qualified & that men after the temporary establishment of the temporary establishment to the permanent scale, those who are not fully qualified will be continued on probation or replaced by competent men. As it is necessary that the Inspectors & the Asstt Inspectors of the Excise Dept should acquaint themselves with the principal portions of the Criminal Proc. Code & the Evidence Act, the Excise Comr suggests that the following may be added to the subjects prescribed for the Excise Exam:-

Note

Re revision of Excise Establishment.

.....

I am sorry there has been some delay on my part in dealing with this matter - a delay due to my hesitation to place before Government proposals for enhanced expenditure at a time of financial pressure like the present. Having, however, given the subject my best consideration, and also discussed it with the Excise Commissioner, I am convinced that a small increase both in the strength and in the salaries of the Excise Establishment is really urgently called for ~~to a small extent~~.

2. In addition to (i) the temporary establishment costing Rs. 5969 per mensem, which I beg to propose may be made permanent, and (ii) the additional permanent establishment costing Rs. 6348 per ~~mensem~~ annum already sanctioned, certain new items have now to be sanctioned so as to ensure the more efficient working of the Department. Both Mr. T.R.A.Thumbu Chetty and Mr. Madhava Rao have already expressed themselves in favor of strengthening of the Excise Establishment. I have myself long been of opinion that something should be done in this direction.

3. The Excise Commissioner's clerical establishment consists at present of

43

of 17 hands both permanent and temporary involving a cost of Rs. 569 per mensem. The Excise Commissioner proposes that this number be raised to 22 involving a monthly cost of Rs. 962, which means an increased cost of Rs. 393. All things considered, I am of opinion that for the present an addition to the sanctioned scale by 3 hands seems sufficient, and that the Excise Comr. should be asked to so revise his proposed scale as to bring the additional cost, both of entertaining the new men and of suitably increasing the pay of the existing men, down ~~by~~ to Rs. 200.

4. I have already recorded the opinion that the pay of the 34 Sub Inspectors should be raised at once from Rs. 10 to Rs. 12, and eventually by annual increments of one rupee to Rs. 15. This will place them on a par with Deputy Gumastas of Taluks. The immediate cost would be Rs. 68 and the ultimate cost Rs. 170 per mensem.

5. Supervisors, or rather Inspectors, as they are at present designated, have good reason to complain of the inadequacy of their present horse allowamce. I would, as already suggested in my note of 10th. May 1901, raise it from Rs. 15 to Rs. 20. I would further give the Inspectors employed in the malnad and semi-malnad tracts of the State an

44

an additional allowance of Rs. 20 and Rs. 10 respectively. This is in accordance with the practice prevailing in other Departments, and is fully deserved.

6. The seven new Assistant Inspectors in question must of course have a peon each on Rs. 7 per mensem.

7. To the above limited extent, I ~~have no hesitation in recommending~~ that in public interests, a revision of the existing scale may be sanctioned. The Excise Commissioner's other proposals for bettering the prospects and pay of the members of the Excise Establishment must await a more favorable opportunity.

Note (45)

The revised proposals of the Excise Commissioner are:-

1. Entertainment of 5 additional hands to strengthen his Office esta--blishment, and increase of pay to the existing staff.

2. Increase of pay to 34 Sub-Inspectors.

3. Increase of Horse Allowance to 40 Inspectors.

4. Entertainment of 7 peons for 7 Assistant Inspectors newly appoint-ed.

5. The conversion of the present temporary establishment into a perma--nent one.

****

1. The present strength of the office is 17 hands (9 Account--ants, 5 clerks, 2 Record Keepers and 1 Muchi) of whom 4 are borne on the temporary establishment. It is now proposed to entertain 2 Accountants and 3 Clerks in addition. The state--ment of distribution of work does not, on a careful scrutiny, show that the work is more than what can be coped with by the present establish--ment. After detailing an Accountant for exclusive charge of a District, the Head Accountant will be availa[illegible] for general work of the nature s[illegible]

(5) 46

shewn in the statement, while the Accountants in charge of the lighter Districts such as Kadur, Shimoga, Hassan and Chitaldrug can be made a--vailable for compilation of provin--cial statements and for other assis--tance in the disposal of miscella--neous papers. The work connected with the Distillery is very light, involving the preparation of only a few statements, and may without any inconvenience be assigned to one of the Accountants mentioned above. If, however, it is thought absolutely necessary, a relieving junior Account--ant on Rs.20 or Rs.25 may be given to carry on the work of any particular Accountant who may be absent and other--wise generally assist in the compi--lation of statistics.

Considering the nature and extent of correspondence, the clerical branch cannot be said to be very heavily worked. Excluding the Record Keeper and his assistant, there are at present 5 clerks who ought to be able to register, fair--copy and despatch papers in addition to attending to Canarese correspond--ence which is insignificant. The Record Keeper who has an assistant under him can easily look after the Stores.

It does not appear, therefore, absolutely necessary to increase the existing number of clerks

(57) 47

hands who have been doing the work these few years and ought to be able to do so if properly worked.

Neither does it appear necessary to increase the present pay of the staff. The pay does not com-pare very unfavorably with that ob-taining in other offices, while the clerks need not suffer from want of promotion with the large number of appointments at the disposal of the Excise Commissioner. The increase of p to the Excise Commissioner's Office establishment did not form part of the original proposals. The proposals made in August 1899 provided for an increase costing Rs.2,916 per annum. In April 1901 the Excise Commissioner proposed better pay to the establish-ment costing in addition Rs.1,800 per annum, the reason assigned being that "it was expedient to follow as far as possible the scale of salaries sanctioned for the Forest Conserva-tor's Office in Proceedings No. 6817-26/Ft. F. 53-95, dated 24th March 1900 adopting at the same time the scale of pay sanctioned for the Accountants in the Comptroller's Office in Government Proceedings dated 15th December 1900." The scale for the Forest Conservator's Office is no doubt very liberal both in point of number of hands and the salaries at-tached. Judged by this standard, I should unhesitatingly give my support

(60) 48

to the proposals of the Excise Commis-
-sioner in their entirety, but an exa-
-mination of the work done by the
hands has led me to the conclusions
recorded above. I do not claim any
infallibility ~~for~~ the judgment formed.
I may be underestimating the work, and
the strain on the existing establishment.
I should therefore not set up my own
judgment against that of the Excise
Commissioner, especially after the
Councillor in charge has expressed an
opinion that 3 hands might be sanc-
-tioned. I cannot however support the
proposal to give a lump sum sanction
and ask the Excise Commissioner to
appoint hands and grant increases & Salaries within that sanction.
He may be asked to send in a proposi-
-tion statement showing the name of
office and pay for the three hands
sanctioned.

(4 hands)

The temporary establish-
-ment may, however, be made permanent.

2. The pay of the Sub Ins-
-pectors who are clerks attached to
Inspectors compares unfavorably with
the pay of the clerical staff in
Taluks. I agree to a present increase
of Rs.2 and eventual increase to Rs.
15 by annual increments of Rs.1. It
may also be noted in this connection
that the tree examiners (now called
Sub Inspectors) of the executive tem-
-porary establishment and the 'Otta
Mutsaddis' attached to the Taluks for
the Excise Accounts are paid Rs.1?

49

and in some cases Rs.10 only.

3. The increase under Horse Allowance appears to be based on the ground of the range officers having two Taluks to attend to as compared with the Inspectors of Police who have only one Taluk in their charge. There is no comparison between the work a Police Inspector has to do and that which falls to the share of a Toddy Inspector.

It will also be noted that the increased rate of allowance was expressly disallowed in 1896 by Sir K. Sheshadri Iyer who remarked that such a treatment would give rise to claims for similar allowances all round, and preferred instead increase in the salary and this was given. In consideration, however, of the Inspec--tors having to carry their Registers and instruments they may be given a cart allowance of one anna per mile whenever the distance travelled exceeds 5 miles.

As regards the expedien--cy of malnad and semi-malnad allow--ances, I believe the tendency now is to abolish all such allowances in view of the improvemnts effected in communications and in the sanitary conditions of towns and villages which have practically removed the disadvantage under which malnad sta--tions laboured some years ago.

There is no reference to

50

to malnad allowance in any of the Ex-cise Commissioner's official letters. If necessary, a special local allow-ance not exceeding Rs.20 may be at-tached to some of the more costly stations such as Mudgere and Koppa.

4. The entertainment of 7 peons to the newly appointed Assis-tant Inspectors may be sanctioned.

5. Lastly, it is now pro-posed to make permanent the temporary establishment costing Rs.71,628 per annum. Before sanctioning this, how-ever, I would suggest that the Excise Commissioner may be called upon to lay down rules for recruitment to the subordinate grades of the service, and report to Government if the men already entertained have received any training and have been properly quali-fied. I had a scheme for such recruit-ment when I was in charge of the port folio in 1900 and have referred to it in my notes made on 19th Feb-ruary and 22nd February 1901. I attach-ed greater importance to raising the pay and status of the Executive Staff of Inspectors and Sub Inspectors than to increasing the number of Assistant Commissioners and higher agency gene-rally. Even now I should be glad to give my support to any well consider-ed proposals in this direction.

In this connection the Excise Commissioner may also be asked

This includes the temporary establishment of the Asst Excise Comm's Office, Dist Officers & the executive staff - As pointed in para 4 of this note that the temporary character in the Ex Comm's Office may be made permanent.

(L) 51

to report why the Assistant Commis-
-sioners now employed sloely on ex-
-cise work and called Divisional Of-
-ficers should not be reverted to the
Revenue Department, the work being
assigned to General Assistant Commis-
-sioners in charge of Taluks and the
Excise Staff attached to each Taluk
being placed under their orders.
The Deputy Commissioner has certain
duties and functions in the excise
branch and the Amildars are solely
responsible for the collections. It
will be an advantage also in the in-
-terests of better administration to
assign the District and Taluk admi-
-nistration of excise to the agency
that administers land revenue.

I know from experience
that latterly the Excise Officers
have usurped the functions of the
Taluk Revenue Officers in regard to
taking up applications for lands for
cultivation and dealing with them,
thus leading the people to believe
that they are arbiters of the ques-
-tion whether a piece of land shall
be granted or not. The Toddy Inspec-
-tors and Supervisors have been mul-
-tiplied to such an extent that they must
have some work to do and it cannot be
a matter for wonder considering how
ill paid they are and ill supervised
that they should pose as "Excise
Amildars" before the ryots, as has

(4) 52

has actually happened in my experience and oppress the poor villagers. This is a very unhealthy state of things and should be put a stop to. There are one or two papers pending with× the Dewan which would show how mis--chievous has been the interference of the Excise subordinates in regard to granting of lands on darkhasts.

+ I learn that this information is incorrect as there are no papers pending with me 25.VI.03

Subject.

Revision of Excise Establishment, both of the office of the Excise Commissioner and the Executive staff; and rules for the recruitment to the subordinate grades of the Excise Department.

---

1. The preliminary introduction into the State of the tree tax system in 1897-98 having necessitated the strengthening of the Excise Establishment, the permanent establishment including that of the Excise Commissioner's office was revised at an additional maximum cost of Rs.7,824. Moreover, the entertainment of a temporary establishment for eight months at a total cost of Rs.23,000/- was also sanctioned.

(Government Order No.4096-97/Ex.155, dated 2nd November 1896).

Flag A

2. Owing to the continuance of that system, that of the establishments also became imperative. The expansion of the tree tax system and its final introduction into the State as a permanent one demanded the frequent strengthening of both the permanent and the temporary establishments:

3. At present the establishments in question stand as detailed in the Proposition Statement A:

Flag B.

4. Finding even this strength to be inadequate, the Excise Commissioner submitted in August 1899 a scheme for revising the Establishments at an additional cost of Rs.35,472; but, in consideration

of the financial condition of the State, the Government requested the Excise Commissioner to modify the scheme in such a manner as not outstrip the bounds of extreme necessity. Thereupon he submitted a set of modified proposals in his letter No.5015-260, dated 2nd April 1901 as follows:- Flag D Flag E

		Rs.
(i)	Entertainment of 5 additional hands in the office of the Excise Commissioner and grant of increases to certain existing hands, involving a cost of Rs.393.	393
(ii)	Increase of pay to 34 Sub Inspectors from Rs.10/- to Rs.15/-.	170
(iii)	Increase of travelling allowance to 40 Inspectors from Rs.15 to Rs.25 each.	400
(iv)	Entertainment of 7 peons to 7 Assistant Inspectors at Rs.7 each.	49
(v)	Confirmation of the temporary Establishment costing Rs.5,969 per month.	5,969

5. With reference to the above letter, the Excise Commissioner was requested to provide for an addition of only 3 hands to his office Establishment and to revise the scale in such a mode as to reduce the additional cost including that of increases from Rs.369 to Rs.200 a month. (Vide this office docket No.22/Ex.F.1-97, dated 16th July 1903). Flag F

He was further requested in this office No. 40/Ex.F.1-97, dated 21st July 1903, to submit a set of rules for regulating recruitment to the subordinate grades of the Excise Department. Flag G

7. In his letter No.1190/46 dated 6th August 1903 the Excise Commissioner complies with the first requisition, and, with the second, in his letter No.1173/44, dated 30th July 1903. Flag H Flag I

The points arising for decision are as follows:-

I. The permanent addition of three hands to the

(i)	an accountant on	Rs.35
(ii)	--- do ---	Rs.30
(iii)	Assistant Record(-keeper.	Rs.20
		Rs.85

Note. The Second Councillor and the First Councillor, in a way, are agreed in favour of the addition of 3 hands.

II. The revision of the existing scale involving an increase of Rs.115 per month.

Note. The Second Councillor has agreed to the increased scale.

III. The confirmation of the temporary office esta-blishment of the Excise Commissioner's office consisting of 4 hands.

Note. The First & the Second Councillors have agreed in its favour.

IV. The increase of pay of Sub Inspectors from Rs.10 to Rs.15 proposed by the Excise Commissioner.

Note. The First & the Second Councillors are in favour of raising the pay from Rs.10 to Rs. 12 rising to Rs.15 by annual increments of one Rupee.

V. The increase of permanent travelling allowance from Rs.15 to Rs.25 in the case of 40 Inspectors.

Note. The Second Councillor agrees to raise it to Rs.20, but not the First, who says that a cart allowance of one anna per mile for distances beyond 5 miles may be given.

First + 2nd both agree + 25%

VI. The payment of malnad and semi-malnad allowances of Rs.20 and Rs.10 to Inspectors:-

Note. This question was raised by the Second Councillor himself on the application of B. Lovery, Moodigere Range, received with Excise Commissioner's D.O. dated 19th February 1903. Flag J

The Second Councillor is in favour of the proposal but not the First who observes that "a special local allowance not exceeding Rs.20/- may be attached to some of the more costly stations such as Mudgere and Koppa.

VII. The entertainment of 7 peons for 7 Assistant Inspectors at one each: on Rs.7 each.

Note. Approved by the First & the Second Councillors.

VIII. The confirmation of the temporary establishment (besides the four referred to in III above) costing Rs. ~~60,132~~ 69408 per year. 3 peon.

Note. Approved by the Second Councillor; but the First Councillor wanted a set of rules regarding recruitment to the Excise service.

IX. The rules framed by the Excise Commissioner regarding recruitment to Excise service:- The Excise Commissioner reports that the Inspectors and the ~~Sub~~ Assistant Inspectors now in service are fairly well qualified; but that few, who are not fully qualified, will be appointed on probation or replaced by qualified men, if the establishment be made permanent:-

Of the eight points noted for deci-sion , I have already expressed my opinion in favor of the following four; 1) entertainment of three additional hands permanently for the office of the Excise Commissioner (2) the confimation of the existing four temporary hands in the same office (3) increasing the pay of the Sub-Inspectors from 10 to Rs.12. from the date of the order and subsee-quently to Rs.15 by annual increment of Re.1 (4) and the entertainment of of 7 additional peons for 7 Asst.Inspec-tors .

2. I do not think that there is any necessity for revising the existing scale of the Excise Commissioner's Office establishment at an additional cost of Rs.115 and increasing the pay of the existing hands . On this point I adhere to the views expressed in my memo dated 21st June 1903 . Promotions to men in office should be given by send-ing them out as opportunities occur and not by a general revision of exis-ting salaries from time to time .

K

3. Regarding travelling allowance to Inspectors I have nothing to add to what I have said in my memo of the 21st June .

4. The temporary establishment in the executive service excluding those already referred to as being in

the office of the Excise Commr., may be made permanent and the Rules fra-med for the recruitment of the execu-tive branch of the service may be adop-ted . They appear to be based on those referred by Govt. for opinion of Heads of Departments in G.O.No.R4412 823 dated 1/9 June 1903 . I would suggest that in the annual report of the Excise Com-missioner, a para may in future be added for the information of Govt. on the wor-king of the new rules and the results achieved . The Rule proposed by the Excise Commr that only those who fully qualify themselves will be confirmed may be approved and directions given for its being strictly enforced .

Excise Commissioners Office
Bangalore Dated 15th August 1899

From S.P. File 9

The Excise Commissioner
in Mysore

To The Secretary to Government
of Mysore
General & Revenue Department

Sir,

Adverting to para 4 of Government Proceedings no 8019-20, dated 3rd May 1899, I have the honor to state (Ex 296) that most of the existing temporary Excise establishments therein referred to, were sanctioned by Government for licensing, marking and registering toddy-yielding trees tapped under the Preliminary Tree-tax system introduced in the year 1897-98. The Tree-tax system of the administration of Toddy revenue in its entirety was introduced since 1st July 1898, & the Rules for work the same were framed under the Excise Act and published under Government notification no 11676, dated 11th June 1898. The aforesaid temporary establishments (Ex 476) have to be transferred to the permanent scale. Further from the experience of the working of the system in its entirety during the past year 1898-99, it has been found necessary to revise the establishments in accordance with the importance, nature of work & situation & climate of each taluk. Accordingly the accompanying Proposition Statement, together with an Explanatory Memo, is herewith submitted for the sanction of

of Government.

2 In the Madras Presidency in districts where the Free-tax system was introduced in supersession of the Farming system, there was a heavy fall of revenue in the year of introduction, although in subsequent years revenue rose very largely & more than doubled itself in the space of ten years. By introducing the modified form of preliminary Free-tax system for the year 1897-98, as instructed by the Dewan, instead of the Free-tax system at once in its entirety, such heavy fall of revenue as occurred in most of the Districts of the Madras Presidency in the beginning of the introduction of the Free-tax system, was prevented in the Mysore State. The decrease under Toddy Revenue in the year 1897-98 amounted only to Rs. 57,237 or 3·74 per cent, & demonstrated the soundness & wisdom of the policy dictated by the Dewan. In the year 98-99 however, in which the Free-tax system in its entirety was introduced, the revenue fell off by nearly 1,64,720 rupees or 11·19 per cent. Unfavorable conditions sprang up which were not anticipated. Plague broke out in almost all the toddy-consuming districts, and owing to plague & to the strict plague preventive measures enforced in all the Districts, checking traffic and intercommunication, — consumption fell off, & the revenue went down to the extent stated above. It is however, evident from the highly satisfactory results of the sales of the Toddy shops under the Free-tax system for the year 1899-1900, which show a very large increase of more than 335,000 rupees over the shop-rent of the year 1898-99, the people interested in toddy

toddy trade have become familiar with the details of the system, and they fully appreciate the benefits thereof & like it.

3 In the Madras Presidency no preliminary course as in Mysore was adopted, but the Tree-tax system in its entirety was introduced into one or more Districts in each year, commencing from the year 1887-88. In some of the districts there was a large decrease of revenue at the commencement of the Tree-tax system to the extent of 19 per cent, owing to strike & combination on the part of the dealers in toddy not to purchase shops under the Tree-tax system; but the Madras Government persisted in carrying out the system, & by employing strong & liberal establishments at heavy cost to detect & prevent illicit tapping, etc, the toddy revenue which was only ₹ 33,43,480 in the year 1888-89, increased to ₹ 76,74,793 in the year 1897-98 in which the Tree-tax system was in force throughout the whole of the Presidency.

4 I beg to submit that (1) without a strong & adequately paid trustworthy Excise executive staff to prevent & detect illicit tapping, illicit transports & sales, thefts of toddy from groves, clandestine imports, etc, and (2) without an adequate staff of reliable superior officers to closely & constantly watch & supervise the actions of the subordinate officers wholly & with undivided attention, and with emoluments & authority to enforce discipline & to maintain their

their position & (3) the whole under the guidance & control of a properly constituted Head of the Department, the Tree-tax system as well as the present systems connected with arrack, Ganja, etc cannot be expected to work successfully and to bring to the State its proper share of revenue. The scale of pay given to them must be such as to keep them above temptation, and to secure men who are thoroughly zealous, reliable & honest.

5 It is also of utmost importance that the establishment of the Excise Commissioner's office, where all the numerous passes & rahadarys, chellans, statistics of trees tapped, returns, statements etc, have to be minutely checked, compared & examined, must be sufficiently strong and efficient.

6 Under such circumstances, the accompanying Proposition Statement showing the present & proposed scale of pay & the additional hands required, together with an Explanatory memo exhibiting the financial results, etc for (1) & (2) is submitted for the orders of Government. These proposals involve an additional charge of Rs 35,472. But against this charge there is an increase of Rs 79,982 in the estimated toddy revenue alone for 1899-1900 over & above the highest revenue ever before realised which in the year 1896-97 was Rs 1543467. In Ganja there is also an increase of Rs 16,620 in all Rs 96,000 in round numbers. These increases bear promising indications of permanence & are likely to grow still larger with the better establishment of the system.

7. The direct advantage of placing the Excise administration & executive staff on an efficient & sound basis at the start, especially when it does not involve any immediate loss of revenue to Government, is a certain possibility of a future large growth of revenue, not to mention the prevention of shrinkage of revenue which was threatening just before the introduction of this system, & which but for it, would have further dwindled down. More especially is this deserving of a favorable consideration when it involves no immediate loss of revenue. The estimate for 1899-1900 is a very accurate one as is explained in Para 5 of the accompanying memorandum, and is sure to be exceeded under favorable conditions of general health and a prosperous year in proportion to the check & suppression of illicit tapping of date trees & illicit manufacture & smuggling of liquors and drugs, for which there is a strong temptation in consequence of the policy adopted of increasing duties on liquors and drugs & of the several retail prices.

I have the honor to be

Sir

Your most obedient Servant

M Viriamu Jones

Excise Commissioner

Enclosure to S.R. 19-99
... Sl. no 1

Explanatory Memorandum

1 In consequence of the outbreak of plague in most of the districts of the Mysore State, which seriously affected the consumption of arrack, toddy and intoxicating drugs, owing to the prohibition of jatras and fairs, prevention of traffic from one place to another, etc, the Excise Revenue suffered considerably during the year 1898-99. The Excise Revenue of the year 1898-99 would therefore approximately be as follows compared with the years 1896-97 & 1897-98:-

	Excise Revenue for 1896-97		Excise Revenue for 1897-98		Excise Revenue for 1898-99		Difference	
	Rs	as ps	Rs	as ps	Rs	as ps	Rs	as ps

Total	35,14,520	1 11	35,83,431	4 8	34,33,806	1 9	-1,49,625	2 11

The increase under Ganja is due to the rate of duty having been raised since 1st September 1898 from Rs 1-4-- to Rs 3/- per seer of 80 tolas.

2. The dire disease affected also the results of the auction sales of the arrack vend farms & Separate shops for the year 1899-1900 as per particulars below:-

The

The large increase in the Chittledrug District was due to the extensive works in Harikanavey. The net decrease of Rs 34,598-8-0 for the whole state was due to the fall of arrack consumption during the year 1898-99 in consequence of plague & plague arrangements, etc.

3 The results of the sales of the Date Toddy shops and Bagani Toddy shops, however show a large increase of Rs 3,35,102-3-11 compared with the rent of the year 1898-99, as per under-mentioned details:—

The total increase under both the Date Toddy & Bagani Toddy Shops, amounts to Rs 3,35,102-3-11. This is, to a large measure, attributable to — reasonable bids for the shops not having been received at the auction sales for the year 1898-99, as the bidders were not familiar with the details of the Tree-tax system, and as the professional men who were under the influence of middlemen, did not come forward in many talukas to take up the shops. The —

The Tree-tax system in its entirety having however been introduced in the year 1898-99, all the interested parties became familiar with the actual number of trees required for each shop, the value of each shop, & other details; and particularly the professional men learnt the benefits accruing to them from dealing directly with Government; and accordingly they came forward at the recent auction sales to take up the shops for the year 1899-1900. Hence keener and healthier competition, which resulted in a very large increase of Rs 33,5702-3-11 to Government.

4 The total number of toddy-yielding trees licensed for the year 1898-99 is as follows:-

Description of trees	no of trees tapped	Amount of tree-tax Rs	as	ps

Cocoanut	2133	4532	10	"
Bagani	8482	13518	3	"
Total	520568	559875	14	"

The total Toddy revenue for the year 1898-99 would accordingly amount to Rs 1,30,6063-14-1 as per particulars below:-

5 Had it not been for the plague and plague arrangements, the number of trees tapped during the year 1898-99 might have been much larger than

than 5,20,568 Even supposing the number of trees tapped in the year 1899-1900, would be the same as in the year 1898-99, the revenue for the year 1899-1900, would still show a large increase of Rs 97,632-4-2 compared with the year 1896-97 in which the largest toddy revenue was realized as per particulars below:—

Date & Bagani Toddy Revenue

years	Gross Revenue			Shop-rent			Tree-tax			Total

6 The toddy-yielding trees registered to have been tapped during the year 1897-98, numbered D 9,93,255, C 2,691, P 15, B 9020 against D 5,09,953, C 2,133, B 8482 in the year 1898-99. This fact clearly indicates the recklessly excessive number of trees tapped, and the waste of toddy for other than bona fide consumption under the Farming System. It may therefore be concluded that if the Farming System had continued longer, the date groves would have been ruined throughout the Mysore State, & the Toddy Revenue would have gradually dwindled down to an insignificant figure: & that in view to obviate such evil, the Tree-tax System in its entirety has been opportunely introduced in 1898-99 throughout the Mysore State.

7 The Tree-tax system of the administration of Toddy Revenue has thus been finally introduced throughout the State both in regard to Date Toddy and Bagani Toddy, and the Rules to work it have been published under Government notification no 11676 / Ex 476, dated 14th June 1898, and Government Proceedings no 11897-906 / Ex 485, dated

dated 20th June 1898. The success of such system depends upon close & vigilant watch over each tapman's ——— operations, upon the prevention and detection of illicit tapping and over-tapping, & upon suppression of smuggling, & of malpractices of every description, & upon constant, minute & careful inspection and scrutiny of the work of the subordinate executive members of the Department.

8. Similarly the success of the administration of all other items of Excise Revenue also depends upon the constant & vigilant supervision over the trans-actions in all the depôts and shops of every description, over the acts & movements of illicit distillers, importers of contraband liquors & drugs, etc. Considering the preoccupation of the Deputy Commissioners of Districts on account of other more important multifarious duties of various kinds in the District, it is impossible for them to devote that time & attention which are essential to the requirements of the Excise Department. Other Revenue Officers cannot be expected to interest themselves sufficiently in the Excise Department, because, apart from the fact of their having little or no time to spare for it, Excise is admittedly a subject which does not inspire as a rule, much enthusiasm on the part of those who are not exclusively connected with it. Therefore for the good & successful working of the Department an adequate separate staff of wholetime officers is absolutely needed.

9. The Province should be divided into four Excise Divisions, each of which should be placed in charge of an Assistant Commissioner as per particulars below:—

No of Division	Districts included in each Division
I	Bangalore & Kolar Districts with Head-Quarters at Bangalore.
II	Mysore & Hassan Districts with Head Quarters at Mysore
III	Kadur & Shimoga Districts with Head Quarters at Chickmagalur
IV	Tumkur & Chittledrug Districts with Head Quarters at Chittledrug.

The designation of the Assistant to the Excise Commissioner should be changed to that of Assistant Excise Commissioner & allowed the benefit of the progressive rate of pay fixed for Extra Assistant Commissioners in Govt Pro-ceedings No 9786-94 (Mis 2156), dated 22nd February 1899. Thus five Assistant Commissioners are required for the Department, one for the Excise Commissioner's office and four for the charge of the aforesaid four divisions. We have at present the following officers in the Department:-

(1) Mr S. Venkata Rangaiyengar for the Excise Commissioner's office.

(2) Mr A. S. Kearns, an officer lent by the Madras Government for two years. This term having expired, a recommendation has already been submitted to Government, soliciting that the Madras Government may be requested to permit his retention for another year. He may be put in charge of the Bangalore Division.

(3) Mr S. A. Mir Nizamuddin Ali Khan. As already recommended, he may be taken back to the Revenue Department and another Assistant Commissioner, may be transferred in his stead to the Excise

Excise Department, to be in charge of the Mysore Division.

Two additional Assistant Commissioners are therefore wanted, one for the Chickmagalur Division and the other for Chittledrug Division.

10. It is absolutely necessary that the above Departmental Officers should have freedom of action and of working in all purely departmental matters of routine, and of inspection & prevention & detection of crime, the Deputy Commissioners of Districts exercising only administrative control. It is therefore solicited that the orders of Government regarding their duties & powers may be revised early, as already proposed, so that they, as well as subordinate members of the Department, may work with a sense of duty, zeal, loyalty, & esprit decorps. These Divisional Officers will be required to submit to the Excise Commissioner their weekly diaries regarding each district separately through the Deputy Commissioner thereof.

All

All the Excise work in each District should be carried on by the Divisional Officers, subject to the control of the Deputy Commissioner, who should have no other Assistant Commissioner in the District in charge of Excise work.

11 The Deputy Excise Commissioner should also be a Provincial officer to assist the Excise Commissioner in inspection work, each of them sharing the inspection as may be arranged between themselves; the position of the Excise Commissioner has to be placed on a satisfactory footing.

12. The duties & responsibilities of Supervisors and Inspectors have greatly increased under the present new systems of arrack, Toddy & Ganja. They have to travel almost daily & not less than twenty days in each month, and in bee-marking season throughout the month. They have to keep a cart with bullocks and a horse or pony, so that the permanent travelling allowance which they now get is quite inadequate. In fact their pay & allowance are not commensurate with the nature, quantity, & quality of the work they have to perform and the escpenses they have to

to incur. Their remuneration must be such as to keep them above temptation, this Department being full of it. In the Madras Presidency the Inspectors employed in the Districts where their work consists purely of abkari & no salt draw not less than Rs 250, as pay and Rs 25/ as fixed horse allowance, besides tentage at 1/4 annas per mile, 3 Rs daily batta and mileage at 4 annas; & Sub-Inspectors draw Rs 30 to 70 per month; and though they get no travelling allowance yet they are granted as rewards the fines inflicted on offenders in every case taken up by them & prosecuted to conviction. The present pay of the Supervisors in the Mysore State who correspond to the Inspectors in the Madras Presidency, & whose status, duties & responsibilities are equal to the Inspectors in the Madras Presidency who draw a salary of Rs 250 to Rs 400 per month, besides the several allowances enumerated above, ranges from Rs 40+15 to Rs 100+15 & the Supervisor who is in charge of the Bangalore Head Quarters Range alone now draws Rs 150+25. For the reasons stated above, the Supervisors' pay should range from Rs 50+25 to Rs 175+25. The pay of the Supervisor of the Head Quarters Range was recommended to be raised from Rs 150+25 to Rs 175+25 so long ago as in September 1895, in the then Excise Commissioner's letter no 1247/735, dated 13th September 1895. It will be seen that the Supervisor of the Head Quarters Range alone is allowed at present the permanent travelling allowance of Rs 25 per month. The travelling expenses of the Supervisors of the mofussil ranges are far greater than those of the Supervisor of the Head Quarters Range. It

Paragraphs: (3) in Ins 7
16 of 1896-1897

It is therefore recommended that the rate of of Rs 2.5/- which is now allowed only for the Head Quarters Range, may be fixed uniformly for all Supervisors. For the same reasons the pay of the Inspectors in the Mysore State who correspond to the sub-Inspectors in Madras, should range from Rs 20+10 to Rs 40+10. According proposals are made in the accompanying Proposition Statement marked A. It will be seen from the accompanying comparative Statement C that the numerical strength & salaries of the proposed establishment for the requirements of the Mysore State, have been fixed on far more economical principles than in Madras.

13. As there has been an improvement under Bagani Toddy Revenue in the Shimoga District for the year 1899-1900, and as there would surely be a further improvement if the requisite staff for supervising Bagani trees and suppressing illicit tapping be organized, the hands already proposed for it are provided for in the Proposition Statement, as well as the hands proposed for frontier patrol, in my letter no $\frac{6459}{301}$, dated 13th April 1899.

14. The Supervisors' Ranges have been so formed that in Maidan each range ordinarily comprises two talukas, except in regard to the Devanahally Range which consists of three taluks, & Chitteldrug Range which contains only one taluk. Three talukas are too much for one Supervisor to look after efficiently. On the contemplated separate Excise Establishment being organized for the Civil & Military Station by the Residency, the Supervisor of the Bangalore Head Quarters Range will

will be given the Bangalore taluk in addition to the City, in lieu of the Civil & Military Station; and the other Ranges also will be revised, so that the Devanahally Range will then have two taluks instead of three, as per following particulars:-

Name of Range	Taluks comprised in the Range.
Bangalore	Bangalore taluk in addition to the city.
Closepet	Chennapatna & Kankanhally.
Magady	Magady & Nelamangala
Devanahally	Devanahally & Doddaballapur
Anekal	Anekal & Hoskola.

There being seven taluks in the Chittledrug District any one of them has had necessarily to be formed into a Range. Chellakere which is a frontier taluk, & which laps the largest number of hills in the District, as shown in the accompanying Statement B, is a proper taluk to be a separate Range by itself; but the Molealumum taluk is so situated that it could not but be attached to the Chellakere Range. Consequently the District Head Quarters taluk, viz, Chittledrug, which is next in importance has been made a separate Range. In Malnad there was one Supervisor for general work & another for detective work. As each & every Excise Officer is bound to detect crime, there used to be a clash between the General Supervisors and Detective Supervisors whenever the former as in duty bound detected any case. It was found that this was an inconvenient arrangement, and the Detective

Deputy Commissioners of the Kadur & Shimoga Districts in which the evil excisted, proposed that each of the General & Detective Supervisors should have separate taluks allotted to them & held responsible for both general & detective work therein. Accordingly the distribution has been made so as to give not more than one taluk to each Supervisor in Malnad, in consideration of the difficulty of travelling, the numerous Lambani Thandas to be supervised to prevent and detect illicit distillation, the points along the frontier to be watched to prevent & detect importation of contraband liquors, the inaccessible tracts in forests to be traversed to inspect Bagani trees, etc. The pay for Supervisors has been fixed with reference to the importance of each Range, having regard to the amount of revenue, the number of depôts and shops of every description, Coffee Plantations, the number of trees to be tapped, etc. It will be seen from the Accompanying Statement B that the Supervisors' Ranges are classed in order of their importance as per particulars below:-

Class.	Name of Range	The proposed monthly pay Rupees.
I	1 Bangalore Head Quarters.	175+25
II	1 Bowringpet 2 Mysore	120+25
III	1 Sakleshpur 2 Koppa 3 Mudigere	100+25
IV	1 Closepet 2 Goribidnur 3 Maddagiri 4 Chamarajnagar 5 Chellakere	80+25

* A 2nd grade Supervisor on Rs. 150 is proposed for the Distillery.

Class	Name of Range	The proposed monthly pa Rupees.
V	1 Tumkur 2 Hunsur 3 Hassan 4 Arsikere 5 Chickmagalur 6 Kadur 7 Shimoga 8 Chennagiri	70+25
VI	1 Kankanhally 2 Devanahally 3 Kunigal 4 Nanjangud 5 Seringapatam 6 Mandya 7 Shikarpur 8 Thenthahalli 9 Holalkere.	60+25
VII	1 Bangalore 2 Kolar 3 Sreenivaspur 4 Chickballapur 5 Tiptur 6 T. Narasipur 7 Hole narasipur 8 Sorab 9 Sagar 10 Kallurkatte 11 Chittledrug 12 Davanagere.	50+25

Note:- A Special additional Supervisor on ₹ 60+25 to be employed at the Mysore city as at present to prevent & detect the frauds effectly from groves and clandestine sales of toddy &c. The Mysore City etc is also to be available for [illegible]

The pay & numerical strength of Inspectors, Sub-Inspectors, Amins & Kolkars have likewise been fixed on the same considerations. The clerks (Sub-Inspectors) of General Supervisors now draw ₹ 10/-, while those of Preventive Supervisors draw ₹ 10+5. The clerks of all Supervisors have to accompany them in their tours of inspection, besides maintaining and rendering numerous accounts & Statistics. The present pay of ₹ 10/- being

being quite inadequate for the work required of them, it is now proposed to fix the pay of the clerks of all Supervisors at Rs 15 per month, with no allowance.

15. In regard to the Distillery, the increase proposed so long ago as in September 1895, by the then Excise Commissioner has not yet been sanctioned. It is of vital importance that the Excise Officers in the Distillery, in which transactions involving lacs of rupees are carried on, should be adequately remunerated for obvious reasons. Hence the increase now recommended in the Proposition Statement.

16. The work in the Excise Commissioner's office has increased enormously so much so that the members there of are overworked to an undesirable degree. The appended Statement D(1) shows the numerous departmental statistics, returns, passes, rahadarys, as well as a large number of financial challans, Distillery cheques, Treasury Statements, etc which the Accountants have to check, compare & Verify, besides the numerous registers they have to maintain. At present there are nine accountants including the Head Accountant, to whom the work is distributed as per particulars below:-

(1) Head Accountant.—Keeping Cash book, Contingent & Secret Service Registers, Stationery etc, reviewing liquor consumption Statements etc; and general supervision over the work of other Accountants.

(2) Deputy Accountant.—D, C & B Statements, accounts of advances made to arrack manufacturers on account of

of liquor issued to Bonded depôts, & for raising Dalé Plantations; and reviewing financial Statements in regard to arrears, etc;

(3) Accountant. —— Maintaining Registers in regard to all items of Excise Revenue of the Bangalore District, checking, examining and verifying the numerous arrack, Toddy & Ganja challans Passes, Rahadarys, etc; Checking & verifying the accounts received from the Distillery, Bonded depôts, Farm Depôts, Ganja contractors, etc, relating to the Bangalore District

(4) Do. —— Do - Do - relating to the Kolar District

(5) Do —— Do - Do - relating to the Tumkur District

(6) Do —— Do - Do relating to the Mysore District

(7) Do —— Do - Do - relating to the Hassan District

(8) Do —— Do - Do - relating to the Kadur & Shimoga Distns

(9) Do —— Do - Do - relating to the Chittledrug District.

The accountant who is in charge of the Kolar District, is also in charge of stores, printed forms etc. It is found from experience that the work of the three Accountants who are in charge of the Bangalore District, Mysore District, and Shimoga & Kadur Distns falls

falls into arrears frequently which they have to get through by working in mornings or late at nights. The Mysore District consisting of fourteen Talukes is too large for one Accountant, & Shimoga & Kadur Districts comprising thirteen Talukes in which there is additional Bagani Toddy work, are too much for one Accountant. The Bangalore District Accountant has to check & examine the additional accounts of the Distillery transactions. Therefore two additional Accountants atleast are urgently needed, for which provision is made in the accompanying Proposition Statement.

In the Correspondence Branch the work has likewise increased. There are at present six clerks and one Record-keeper to whom work is now distributed as follows:-

(1) Clerk. — "General From Registers" "From" & "To" Secretary Registers, "Unanswered References, " & fair-copying. "

(2) Clerk. — "General "To" Register & Despatching.

(3) Four other clerks — "From" & "To" Registers of 8 districts, miscellaneous Public & Private "From" & "To" Registers, "From" & "To" Registers of Government Contractors, Circulars Registers, & fair-copying.

(4) Record-keeper — Picking up references, arranging & filing papers disposed of, by closetyling & fair-copying.

One of the four clerks referred to in clause (3) above, keeps "From" & "To" registers in Kanarese, attending

attending to Kanarese correspondence and filing the disposed of Kanarese papers. It will be seen that the above clerks have to register papers in "From" & "To" registers and also to fair copy correspondence. As their time is almost wholly occupied in fair copying letters every day, the registering of "From" & "To" letters frequently falls into arrears, which they have to get through by attending office in mornings. During the year 1898-99 "From" English letters numbered 5560 and "To" letters 8609, & "From" Kanarese letters numbered 5234, & "To" Kanarese letters 3683. The clerk of the English Branch can no longer be spared to attend to the Kanarese correspondence, and therefore a separate clerk or Munshi is absolutely required for it. At present there is no Head clerk for the correspondence Branch as in all other Offices; and therefore great inconvenience is felt. Accordingly provision is made for the Head clerk & a Munshi. As a type-writing machine ("Remington") has lately been received from England for the use of the Excise Commissioner's office, the proposed Head clerk or Munshi will be employed also in typewriting important letters, circulars etc. With these two additional hands for the present the work in the Correspondence Branch can be managed fairly satisfactorily.

17. The rules framed under the Excise & Opium Acts & published under Government notifications have to be translated in this office. Many circular orders & rules &

of practice are issued from time to time by the Excise Commissioner. Some of the above Rules and most of the rules of practice & circular orders have not been translated into Kanarese for want of a Translator in this office. It is of utmost importance that they must be published in Kanarese also for the information & guidance of the officials who are ignorant of English, and Government Contractors, Farmers, Shop-keepers and the General Public. The appended Statement D(2) shows the numerous Stencil plates, instruments, weights & measures, printed forms some of which are priced, etc, which have to be accounted for & issued from this office. One of the Accountants who has been attending to this work in addition to his own duties, can no longer be spared — without prejudice to the important financial accounts etc of the Kolar District which are entrusted to him. Under such circumstances it is proposed to employ a hand who is to be both a Translator and Store keeper.

18. The Deputy Commissioners of Districts have applied for increases to their clerical Excise establishments. But this is a question to be considered and decided after final orders are passed by Government as to the duties & powers of the Deputy Commissioners and Divisional officers of the Department, as a portion of the work now done in District Offices will then be transferred to the Divisional officers in addition to some of the work already transferred.

Submit to the Dewan

I am considering the question of strengthening the Excise establishments & the question of increase of pay to the Excise Commissioner may be taken up later on. The Asst Dewan's case calls for early consideration & the Dewan is agreed that Asst Dewan should have his promotion to 800 Rs. This may be granted to him from 1st proy of this year -

Excise Commissioner's Office
Bangalore Dated 2nd September

From

The Excise Commissioner

To The Secretary to Government
of Mysore
- General & Revenue Departments.

Sir,

In continuation of my office letter no 1684-62, dated 15th August 1899 and adverting to para 11 of the Explanatory memo enclosed therein, I beg to state that in the interests of the — Department, the position of the Excise Commissioner has to be placed on a clear & satisfactory footing. As per notification no 32, dated 9th May 1889, the Deputy Commissioners are, in all proceedings under Regulation III of 1885 relating to Excise Revenue in the Territories of Mysore, subject to the control of the Excise Commissioner. The emoluments of the office should, I submit be also such as will unambiguously indicate this position which is not now the case. Being on a par with those of a Deputy Commissioner 1st grade, it has been found in practice to be attended with much inconvenience [illegible]. Both on this ground & on those personally applicable to me by virtue of my position & length of service

I beg that the matter may receive early & favorable consideration.

2 The Deputy Excise Commissioner should also be a Provincial Officer to assist the Excise Commissioner in inspection work, each of them sharing the inspection work as may be arranged between them. His salary should be raised from Rs 700 to Rs 800 as he has completed more than two years & a half of service as Deputy Excise Commissioner; & Deputy Commissioners of Districts who begin with Rs 700, generally get Rs 800 after one year's service

I have the Honor to be

Sir

Your most obedient Servant

D. Macnaughtan

The Secretary to Government of Mysore,

Sir,

In Soliciting attention to para 2 of my letter no 4854/211, dated 21st February 1900, I have the honor to state that it will be seen from the statistics given in my letter no 2170/104 dated 19th September/9th October 1900, there has been a Substantial increase of Rs 2,31590/- under the head— Toddy shop rent alone for the current year 1900-1901. As I have explained in para 2 of my letter no 4854/211, dated 21st February 1900, quoted above, the additional charge of Rs 35,472/- per annum, which the proposals submitted in my letter no 1684/62

dai

~~To~~ 32

dated 15th august 1899, involve, is very small compared with the aforesaid ~~figure~~ actual increase of Rs 2,31,590/-.

2. During my present tours of inspection, I have found that malpractices, such as illicit tapping, &c. largely exist. This is ——— attributable mainly to want of honest and efficient supervision. The pay and allowances which the members of the Excise staff get at present, not being commensurate with — the quantity and quality of the work required of them, it is believed that many of them — accept the supplies, such as grain, grass &c offered to them by the abkari contractors, and thereby place themselves under their obligation, so that it is natural that they would — connive at the illicit practices of the contractors. I have also ascertained that the existing staff not being sufficiently strong, the — importation of contraband liquors and drugs to the frontier villages from British territory cannot be efficiently prevented.

3. In my tours of inspection at least four accountants and one clerk have to accompany me to carefully check the numerous departmental and financial Registers, accounts and statistics kept by Excise Supervisors and Inspectors, in Taluk and District offices, Excise Division offices, and Depôts — and shops of all kinds. While they are thus engaged with me in my tours, their work in my office at the Head Quarters falls into arrears, my office being shorthanded. great inconvenience is experienced just at present, when the numerous elaborate schedules and statistics to be appended to the Government notifications for the sales of the shops of the various descriptions which have to be published next month, have to be carefully checked and compiled. Many rules, — circulars &c have not been translated for want of a hand.

4. Under the above circumstances,

I respectfully venture to again urge on the attention of Government the absolute necessity for early sanction being accorded to the proposals in my letter No $\frac{1684}{62}$, dated 15th august 1899.

I have the honor to be,

Excise Commissioner's Office

Bangalore, Dated 2nd April 1901

From S. R. [illegible]

The Excise Commissioner in Mysore

To The Secretary to Government

General & Revenue Department

Sir,

In acknowledging the receipt of Government Proceedings No 7714/Ex.380, dated 27th March 1901, (received on the 30th idem), I have the honor to state that in my letters nos 1684/62, dated 15/31st August 1899, and 4148/207, dated 5th February 1901, I have fully explained that in the interests of Excise Revenue and also in view of its expansion, it is absolutely necessary that the members of the Excise Department must be paid at a rate which would raise them altogether above temptation; and I have also shown that the revised scale of establishments which I have proposed, is based upon very economical principles, - the pay of our Supervisors who are Inspectors being

being regulated by the scale of pay of 127 38
Sub-Inspectors only as adopted in the
Madras Presidency, and the additional
expenditure of Rs 35,472 in question
which I proposed in my letter no 1684/62,
dated 15/31 August 1899, being exceedingly
disproportionate to the substantial increase
of Rs 2,31,590 under Toddy Shop rent,
obtained at the Auction sales for the
current year 1900-1901.

2. I may also respectfully venture
to bring to the notice of Government that
the members of the Department, though now
underpaid, have been working cheerfully
and zealously with the hope that the
increased scale recommended to
Government will be sanctioned ere long,
more particularly as an increase of
Rs 2,31,590/- was realized under Toddy
Shop Rent at the auction sales for the
year 1900-1901, and as the Government
was lately pleased to sanction the
increased scale for the Forest Department.
They would therefore feel greatly dis-
-appointed and discouraged if no
addition of any kind was made to
their emoluments. Under such circum-
-stances, and with due deference to
the orders of Government passed in

in the Proceedings, acknowledged above, I shall now submit for the sanction of Government such proposals as are indispensably required out of those embodied in the Proposition Statement A received with the Government Proceedings under reply, and herewith resubmitted.

3. From the additional expenditure of Rs. 35472 in question, a sum of Rs. 6348/- should be deducted, being the aggregate amount of certain items included in Proposition Statement A, and which have been since sanctioned by Government, as per particulars below:-

	Per annum Rs.	Order of Government sanctioning the charge.
(1) Increase to 3 peons at Rs 2/- each, and to Lashkar and Masalchi at one rupee each of the Deputy Excise Commissioner's office.	96	Government Proceedings No. 3014-5, dated 11th July 1900. Ex. 14
(2) Increase at one Rupee to Duffadar and also 3 peons, Lashkar and Masalchi of the Special Assistant Excise Commissioner's office Mysore Division	72	
(3) do — do - Chitaldrug Division	72	
(4) Establishment for the two additional Divisional offices subsequently formed	2352	Government Proceedings No. 6021-2, dated 19th February 1900, Ex. 190; 6926-8, dated 29th June 1900, Ex. 226; and 7507-8, dated 21st April 1900, Ex. 257.

(5) Five Inspectors, 2 Tree-Examiners, 13 Tree-markers and 5 peons for the Bagani taluk in the Shimoga District.	3756	Government Proceedings No. 2127-8 Ex. 115 dated 3rd September 1900.

Total 6348

Deducting this sum of Rs 6348 from the above-mentioned Rs 35,472/- the balance which has not been sanctioned by Government amounts to Rs 29,124/-. Considering the status of my office, it is deemed expedient to follow as far as possible, the scale of salaries sanctioned for the Forest Conservator's Office in Govt proceedings No 6817-26 F. J. F. 53-95 dated 24th March 1900, adopting at the same time, as per para 3 of Government proceedings No C. 550-1, dated 26th June 1894 the scale of pay sanctioned for the Accountants in the Comptroller's Office in Government Proceedings No 4747 R. F. 87-92 dated 15th December 1900. According a revised Proposition Statement for the superior subordinate establishment of the office is herewith submitted, involving an addition of Rs 1800/- to

to the increased expenditure of Rs 2916/- shown in the accompanying Proposition Statement A. This sum of Rs 1800 being added to Rs 29124, the total amount remaining to be sanctioned by Government would be Rs 30924/-. Cost of this proposed additional expenditure, I beg to solicit sanction for the present to the following items involving an increased cost of only Rs 12144/- which are absolutely and urgently required, the remaining proposals being reserved for a more favorable opportunity:—

I	Additional hands etc to the Excise Commissioner's office.	Cost per annum Rupees 4716.

It has been repeatedly urged on the attention of Government that this office being Short-handed and not properly constituted, the work frequently gets into a mess and falls into arrears, though the officials are made to work overtime. Numerous Rules & circulars have not been translated.

In

~~(68)~~ 42

In my letter no 4148/207, dated 5th February 1901, it has been shown what inconvenience and difficulty were experienced in the office when four hands accompanied me in my tours of inspection. According to the additional charge of Rs 4716 for the office is urgently needed. But it will be seen that the pay of some of the hands is progressive. The importance of this increase will be understood when I submit for consideration that the check of accounts of subordinate offices is all essential in a Department where more than one hundred thousand vouchers are constantly dealt with – each meaning money to come to Government. The Head office has under the circumstances to be exceptionally strong.

VI

VI Increase to 34 Sub-Inspectors (clerks) of Supervisors at Rs 8/- each. } Cost per annum Rupees 2040.

These Clerks now draw only Rs 10/- per month. They have to keep numerous important registers in the Supervisors' offices and to prepare many returns statistics, reports etc. As competent hands cannot be secured for the present salary of Rs 10/- the Supervisors have often to perform clerical duties to the detriment of their important out-door work. The Sub-Inspectors (clerks) have also to travel frequently with the Supervisors without any travelling allowance. Their pay should therefore be necessarily raised to Rs 15/-. Hence the above additional charge of Rs 2040/-

VII Increase of permanent travelling allowance to 40 Supervisors from Rs 15/- to Rs 25/- i, e, at Rs ten each. } Cost per annum Rupees 4800.

The Supervisors have to travel through

through two taluks in the maidan and one taluk in the malnad. They have to keep a pony & also a cart, as they have to carry their kit and testing instruments, registers, records etc. They have to be out of the Head Quarters on more days than they can remain in their houses, and they have to maintain an additional servant besides their animals. Both gram and grass are very dear. The present allowance of Rs 15/- is therefore quite inadequate, and must needs be raised to Rs 25/-. A liberal camping allowance induces them to move out constantly and Government inspection work will be satisfactorily done. Hence the additional charge of Rs 4800/-

IX Seven peons for the Seven Inspectors sanctioned for

-for Hassan & Kadur Districts in Government proceedings No 5693 Ex2021 dated 24th December 1897 and 8019-20 Ex. 296, dated 3rd May 1899.

Cost per annum Rupees 588.

Total 12,144

3. In conclusion I beg to solicit that the temporary establishments may be transfered to the permanent scale so that the members thereof may assume their lives and perform their duties with more care, attention and interest.

I have the honor to be
Sir
Your most obedient Servant
M Parnell
Excise Commissioner
in Mysore.

My dear Sir,

~~Sir,~~

I most humbly beg to bring the following few lines to your kind notice. I have been for the past 6 years or so working in the malnad and semi malnad taluks of Chickamagalur, Saklespur and Moodigere and was for a short time in charge of Koppa and Sollebyle. I am now at present in charge of the Mood-gere taluk as malnad Excise Inspector and find it very hard to eke out my existence with my small pay. The prices of eatable articles are very high. I always kept a small pony for my out-door work, but since coming here I had to buy a large horse for my riding purpose and consequently I have to up-keep two animals, one to carry my things and the other to ride. To up-keep two animals in the malnad with only 15 Rupees horse allowance is very hard. Moreover all Government officials down to a -- Police Peon get malnad allowance. The Police Inspector draws 5o Rupees malnad allowance all the clerks of the Taluk office as well as the Amildar draw malnad allowance. I therefore - humbly pray that the Excise Commissioner will be pleased to look into my poor state of affairs and help me by either granting me double horse allowamce or a special malnad allowance. For which kind act I will be grateful.

~~I beg &c.~~

No. 1035 Divisional Officer's remarks.

Forwarded to the Excise Commissioner in Mysore. I

have also received a similar representation from the Koppa Range Inspector. The question is an important and a general one and I beg to commend it for early consideration and representation to Government. Invidious distinctions between Departments in the matter of allowance, have no doubt created much discontent and heart burning. On principle also, it appears quite necessary to al-low malnad allowance, if malnad service is to be made attractive to officers and officials of all Departments. Malnad living is very costly and enervating and undermines health and to some extent health can be maintained only if better living is taken to, which means more cost.

Office of the Excise Inspector
Hunsur Range, dated 28th October 1902.

From

The Excise Inspector
" Hnsur Range

Enclosure to S.R.19-99-3b

To

The Excise Commissioner, in Mysore
through the Deputy Commissioner
Mysore District.

Sir,

In reply to your order No.102, without date received on the 25th instant, calling for my explanation regarding certain irregularities noticed in the Hunsur taluk by the Excise Divisional officer I beg to explain as follows:-

The T.T.3 and T.T.3A Registers were not supplied from the Excise Commissioner's office, the old Registers were sent and on requesting that new ones may be ordered to be sent the Excise Commissioner ordered to make use of the old books supplied by opening certain columns in them.

The circular referred to in para 2 was recieved in the time of my predecessor and I do not know if the same was communicated to the Assistant Inspectors. It has not been a practice to register all circulars in this office, but they are being registered since the visit of the Divisional officer.

The corrections in the T.T.2 were omitted through oversight but all corrections are being made now.

The fines awarded to the Tree-markers were not reported to the Divisional officer as I though it was unnecessary to do so as the amount of fines were deducted in the pay bills.

The time allowed for marking as per Excise Commissioner's Circular No.897-945/124, dated 10th September 1898, is a week or ten days. The marking in the Heggadadevankote taluk can be completed earlier than that of the Hunsur taluk, owing to the scarcity of groves and as very few applications are received but the delay is, in the time taken up by the darkhasts in trans-

-mission from the Heggadadevankote talu Treasury and from 'ere
.d Assistant Inspector, which delays it a few days. But in the -
'unsur talu: it takes time to mark as the T.T.4 applications are
'ery plentiful owing to the taluk supplying three other taluks
'ith toddy, and besides this the groves are far, hece the delay, but
ıfter the Divisional officer's visit instructions have been issued
:o mark the trees within one week from the date the money is remit
·ted. to the Treasury.

The outstanding in the Hunsur taluk could not easily be col-
.ected as the contractors had just started work and as the paying
ıp of the security deposit together with the amount for the trees
)urchsed plus the monthly rental comes very hard on them at the
)nset, they were not pressed to pay up, besides if too severe --
ıeasures are adopted for the recovery of money due by the contrac-
;ors they are afraid to come and purchase shops at the sales and
:he consequence is that the sales fall. The amount of outstandir;
for the current year is Rupees 75o/-which is being daily collected,
lo w!at we may there will be an outstanding always.

Regarding the inspection work done by me I beg to state that
what work I really have done I have noted in my Diary. Besides, it
is very difficult for me to cover travelling expenses on the --
salary I draw which is scarcely enough to keep body and soul to-
;ether, not only this, I have no places to stay in when I go out to
the villages and groves and many a time have I slept in the cart
in the rainy weather, with the rain beating in on both sides and
in the hot weather I have often slept in the open air and thus
exposed myself to all sorts of weather. So I beg that the Excise
Commissioner will be pleased to order the supply of a small tent
of some sort to enable me to carry on my out-door work more to the
satisfaction of my superiors. The days on which I have halted at
Head Quarters I have done inspection work &c.

I have not maintained a pony and to speak the truth I cannot
afford to buy one as I have not the means to do so. As I had no
pony I used to certify that the amount claimed as horse allowance
was spent in conveyances, and it was I who told the Divisional
officer when he came that I had not maintained a pony and that I

had not the means to do so as I did not wish to deceive him by saying that I had a pony. I only affixed the certificate as a matter of form and that only for one month. A pony is of very little use to me Sir,(by saying this I beg that the Excise Commissioner will not be of the opinion that I cannot ride, I am as good a rider as any other Inspector in the service) as I alone can get on with it, what about my things, cooking utensils &c, who is to carry all this for me when I go out and if I keep a pony I must keep or hire a cart also, how can I keep both? I can ill afford to keep any of them on my present pay and allowance besides if I do get a pony I will have to get a good strong one as those that can be had cheap will not answer me, as I am a heavy man weighing some 2oo and odd lbs and I must have a strong and large animal to carry me and getting this strong animal means money which I cannot raise even by borrowing it, as no one will lend. I beg that the Excise Commissioner will consider all this.

The licenses were given to the Assistant Inspectors for preparation and there has been a delay, but I had repeatedly remarked on their Diaries regarding the early preparation and submission of the same. The licenses of the Heggadadevankote taluk have been submitted to the Deputy Commissioner for signature, and some licenses were received here at the time of the Divisional officer's visit from Heggadadevankote taluk. Those of the Hunsur taluk are being prepared and will be submitted soon.

In conclusion I beg to state that many of the ommissions noticed by the Divisional officer have existed from the time of my predecessors (I do not say this with the object of casting a slur on the work of my brother officers, no, far from that) and I being quite new to the Executive branch I could not find out these things until they were pointed out to me, and in fact I was quite ignorant of the same. I further beg to state that I have explained everything plainly and to the best of my ability and humbly beg that the Excise Commissioner will in no way be displeased if I have put things too plainly. I

will in future do my best to please my superiors.

I beg to remain,

Sir,

Your most obedient servant

Secretary to Government

General & Revenue Departments

Sir,

With reference to Government Proceedings No.40/Ex.F.1-97, dated 21st July 1903, I have the honor to state that most of the Inspectors are the old servants of this Department, who received training in technical matters under the late Mr.McDonnell, who was Special Excise Assistant Commissioner. Those who were newly entertained as Inspectors, were selected from semi-Graduates and undergraduates, with the exception of two or three persons who were appointed on family considerations. Before they were sent out, they were trained in the Government Central Distillery and Excise Laboratory in Bangalore. Most of the Assistant -- Inspectors are those selected by the Deputy Commissioners of Districts from Shaikdars, Gumasthas, Anche Mutsaddys and Ameens employed under the old District Toddy Contrators. Mr.Kearns, whose services had been lent to Mysore for several years by the Madras Abkari Department, went round under my instructions into all the Districts and gave lessons to both Inspectors and Asst. Inspectors, after the introduction of the Tree Tax system of administration of Toddy Revenue and of improved systems under other items of Excise Revenue. The present Excise Divisional Officers also during their tours of inspection, give them lessons in Departmental matters. Therefore they are fairly qualified. Even after the transfer of the temporary Establishment to the permanent scale, those who are not fully qualified will be continued on probation, or replaced by competent men, the

following

following course being adopted:-

The Deputy Commissioners with the help of the Divisional Officer will be asked to inspect all the Assistant Inspectors and Sub Inspectors and decide upon their physical qualifications. Those who will be found physically fit for active servic will be confirmed after they pass the prescribed Excise Examination within one year. All inefficient or superannuated persons will be removed or retired from the service, or reverted to their former posts.

2. A set of Rules for regulating the recruitment to the subordinate grades of the Excise Department, is herewith submitted, as requested.

3. As the Assistant Inspectors also have very often to investigate and prosecute cases under the Excise Regulation and Opium Act, it is necessary that they should be acquainted with principal portions of the Code of Criminal Procedure and Evidence Act. Accordingly, I beg to request that the following selections may be included in the subjects prescribed for the Excise Examination:-

CODE OF CRIMINAL PROCEDURE.

Chapter V- Arrest, escape and retaking.

Chapter VI- Processes to compel appearance.

Chapter XIV- Police investigation.

Chapter XX- Trial of summons cases.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

The following correspondence relative to the revision of the Excise Commissioner's Office and of the Excise Executive Staff :—

(1) Government Proceedings No. 7714—Ex. 380, dated 27th March 1901.

READ—Letter No. 1684—62, dated the 15th August 1899, from the Excise Commissioner in Mysore, submitting proposals for the revised scale of Excise establishments to work the new systems of Excise administration efficiently.

ORDER THEREON.—The proposition statement received with the above is remitted to the Excise Commissioner with the observation that in the present state of the finances of the State, it does not seem possible to sanction the large additional expenditure of Rs. 35,472 involved in his revision scheme, and that Government would be glad if he should reconsider his scheme and submit a report as to what additional establishment is, in his opinion, absolutely and urgently necessary, other proposals regarding increases of salaries, etc., being reserved for a more favorable opportunity.

(2) Letter No. 5015—260, dated 2nd April 1901, from the Excise Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

In acknowledging the receipt of Government Proceedings No. 7714—Ex. 380, dated 27th March 1901 (received on the 30th idem), I have the honor to state that in my letters Nos. 1684—62, dated 15—31st August 1899, and 4148—207, dated 5th February 1901, I have fully explained that in the interests of Excise Revenue and also in view of its expansion, it is absolutely necessary that the members of the Excise Department must be paid at a rate which would raise them altogether above temptation ; and I have also shown that the revised scale of establishments, which I have proposed, is based upon very economical principles, the pay of our Supervisors, who are Inspectors, being regulated by the scale of pay of Sub-Inspectors only as adopted in the Madras Presidency, and the additional expenditure of Rs. 35,472 in question, which I proposed in my letter No. 1684—62, dated 15—31st August 1899, being exceedingly disproportionate to the substantial increase of Rs. 2,31,590 under toddy shop rent, obtained at the auction sales for the current year 1900-01.

2. I may also respectfully venture to bring to the notice of Government that the members of the Department, though now underpaid, have been working cheerfully and zealously with the hope that the increased scale recommended to Government will be sanctioned ere long, more particularly as an increase of Rs. 2,31,590 was realized under toddy shop rent at the auction sales for the year 1900-01, and as the Government was lately pleased to sanction the increased scale for the Forest Department. They would, therefore, feel greatly disappointed and discouraged if no addition of any kind was made to their emoluments. Under such circumstances and with due deference to the orders of Government passed in the Proceedings acknowledged above, I shall now submit for the sanction of Government such proposals as are indispensably required out of those embodied in the Proposition Statement A, received with the Government proceedings under reply, and herewith re-submitted.

3. From the additional expenditure of Rs. 35,472 in question, a sum of Rs. 6,348 should be deducted, being the aggregate amount of certain items included in Proposition Statement A, and which have been since sanctioned by Government, as per particulars below :—

	Per annum. Rs.	Order of Government sanctioning the charge.
(1) Increase to 3 peons at Rs. 2 each, and to laskar and masalchi at one rupee each, of the Deputy Excise Commissioner's office.	96	Government Proceedings No. 304-5—Ex. 14, dated 11th July 1900.
(2) Increase at one rupee to dafadar and also 3 peons, laskar and masalchi of the Special Assistant Excise Commissioner's office, Mysore Division.	72	Ditto.
(3) Ditto Chitaldrug Division ...	72	Ditto.

	Per annum. Rs.	Order of Government sanctioning the charge.
(4) Establishment for the two additional Divisional offices subsequently formed.	2,352	Government Proceedings Nos. 6021-2—Ex. 190, dated 19th February 1900, 6926-7—Ex. 226, dated 29th March 1900, and 7507-8—Ex. 257, dated 21st April 1900.
(5) Five Inspectors, 2 Tree-examiners, 13 tree-markers and 5 peons for the Bagani tracts in the Shimoga District.	3,756	Government Proceedings No. 2127-8—Ex. 115, dated 3rd September 1900.
Total ...	6,348	

Deducting this sum of Rs. 6,348 from the abovementioned Rs. 35,472, the balance which has not been sanctioned by Government amounts to Rs. 29,124. Considering the status of my office, it is deemed expedient to follow, as far as possible, the scale of salaries sanctioned for the Forest Conservator's office in Government Proceedings No. 6817-26—Ft. F. 53-95, dated 24th March 1900, adopting at the same time as per para 3 of Government Proceedings No. C. 550-1, dated 26th June 1894, the scale of pay sanctioned for the accountants in the Comptroller's office in Government Proceedings No. 4747—R. F. 87-92, dated 15th December 1900. Accordingly a revised Proposition Statement for the superior subordinate establishment of the office is herewith submitted, involving an addition of Rs. 1,800 to the increased expenditure of Rs. 2,916 shown in the accompanying Proposition Statement A. This sum of Rs. 1,800 being added to Rs. 29,124, the total amount remaining to be sanctioned by Government would be Rs. 30,924. Out of this proposed additional expenditure, I beg to solicit sanction for the present to the following items involving an increased cost of only Rs. 12,144, which are absolutely and urgently required, the remaining proposals being reserved for a more favorable opportunity :—

	Cost per annum. Rs.
I. Additional hands etc., to the Excise Commissioner's office ...	4,716

It has been repeatedly urged on the attention of Government that this office being short-handed and not properly constituted, the work frequently gets into a mess and falls into arrears, though the officials are made to work overtime. Numerous rules and circulars have not been translated. In my letter No. 4148—207, dated 5th February 1901, it has been shown what inconvenience and difficulty were experienced in the office when four hands accompanied me in my tours of inspection. Accordingly the additional charge of Rs. 4,716 for the office is urgently needed. But it will be seen that the pay of some of the hands is progressive. The importance of this increase will be understood when I submit for consideration that the check of accounts of subordinate offices is all essential in a department where more than one hundred thousand vouchers are constantly dealt with, each meaning money to come to Government. The Head Office has, under the circumstances, to be exceptionally strong.

	Cost per annum. Rs.
VI. Increase to 34 Sub-Inspectors (clerks) of Supervisors at Rs. 5 each	2,040

These clerks now draw only Rs. 10 per month. They have to keep numerous important registers in the Supervisors' offices and to prepare many returns, statistics, reports etc. As competent hands cannot be secured for the present salary of Rs. 10, the Supervisors have often to perform clerical duties to the detriment of their important out-door work. The Sub-Inspectors (clerks) have also to travel frequently with the Supervisors without any travelling allowance. Their pay should therefore be necessarily raised to Rs. 15. Hence the above additional charge of Rs. 2,040.

	Cost per annum. Rs.
VII. Increase of permanent travelling allowance to 40 Supervisors from Rs. 15 to Rs. 25, *i. e.*, at Rs. 10 each	4,800

Financial, dated 30th November 1903.

The Supervisors have to travel through two taluks in the *maidan* and one taluk in the *malnad*. They have to keep a pony and also a cart, as they have to carry their kit and testing instruments, registers, records, etc. They have to be out of the head-quarters on more days than they can remain in their houses, and they have to maintain an additional servant besides their animals. Both gram and grass are very dear. The present allowance of Rs. 15 is therefore quite inadequate, and must needs be raised to Rs. 25. A liberal camping allowance induces them to move out constantly and Government inspection work will be satisfactorily done. Hence the additional charge of Rs. 4,800.

	Cost per annum. Rs.
IX. Seven peons for the seven Inspectors sanctioned for Hassan and Kadur Districts in Government Proceedings Nos. 5693—Ex. 202, dated 24th December 1897, and 8019-20—Ex. 296, dated 3rd May 1899	588
Total ...	12,144

3. In conclusion I beg to solicit that the temporary establishments may be transferred to the permanent scale, so that the members thereof may insure their lives and perform their duties with more care, attention and interest.

(3) D. O. letter, dated 19th February 1903, from the Excise Commissioner in Mysore.

With reference to official correspondence ended with my letter No. 5015—260, dated 2nd April 1901, I beg to send herewith for your information copies of certain reports which have since been received, showing the absolute necessity for increasing the pay and allowances of Excise Inspectors.

(ENCLOSURES IN THE ABOVE.)

Letter from the Excise Inspector, Mudgere Range, to the Excise Commissioner in Mysore, through the Divisional Officer, Kadur Division :—

I most humbly beg to bring the following few lines to your kind notice. I have been for the past six years or so working in the malnad and semi-malnad taluks of Chikmagalur, Saklespur and Mudgere and was for a short time in charge of Koppa and Sollebyle. I am now at present in charge of the Mudgere Taluk as malnad Excise Inspector and find it very hard to eke out my existence with my small pay. The prices of eatable articles are very high. I always kept a small pony for my out-door work, but since coming here I had to buy a large horse for my riding purpose and consequently I have to up-keep two animals, one to carry my things and the other to ride. To up-keep two animals in the malnad with only 15 rupees horse allowance is very hard. Moreover all Government officials down to a Police peon get malnad allowance. The Police Inspector draws 50 rupees malnad allowance, all the clerks of the Taluk Office as well as the Amildar draw malnad allowance. I therefore humbly pray that the Excise Commissioner will be pleased to look into my poor state of affairs and help me by either granting me double horse allowance or a special malnad allowance. For which kind act I will be grateful.

No. 1035.—Divisional Officer's remarks.

Forwarded to the Excise Commissioner in Mysore. I have also received a similar representation from the Koppa Range Inspector. The question is an important and a general one and I beg to commend it for early consideration and representation to Government. Invidious distinctions between Departments in the matter of allowance, have no doubt created much discontent and heart-burning. On principle also, it appears quite necessary to allow malnad allowance, if malnad service is to be made attractive to officers and officials of all Departments. Malnad living is very costly and enervating and undermines health, and to some extent health can be maintained only if better living is taken to, which means more cost.

Letter No. 768, dated 28th October 1902, from the Excise Inspector, Hunsur Range, to the Excise Commissioner in Mysore, through the Deputy Commissioner, Mysore District.

In reply to your order No. 102, without date, received on the 25th instant, calling for my explanation regarding certain irregularities noticed in the Hunsur Taluk by the Excise Divisional Officer, I beg to explain as follows :—

The T. T. 3 and T. T. 3A. Registers were not supplied from the Excise Commissioner's office, the old Registers were sent ; and on requesting that new ones may be ordered to be sent, the Excise Commissioner ordered to make use of the old books supplied by opening certain columns in them.

The circular referred to in para 2 was received in the time of my predecessor and I do not know if the same was communicated to the Assistant Inspectors. It has not been a practice to register all circulars in this office, but they are being registered since the visit of the Divisional Officer.

The corrections in the T. T. 2 were omitted through oversight but all corrections are being made now.

The fines awarded to the Tree-markers were not reported to the Divisional Officer as I thought it was unnecessary to do so as the amount of fines were deducted in the pay bills.

The time allowed for marking as per Excise Commissioner's Circular No. 897-945—124, dated 10th September 1898, is a week or ten days. The marking in the Heggaddevankote Taluk can be completed earlier than that of the Hunsur Taluk, owing to the scarcity of groves, and as very few applications are received; but the delay is in the time taken up by the darkhasts in transmission from the Heggaddevankote Taluk Treasury and from here to Assistant Inspector, which delays it a few days. But in the Hunsur Taluk it takes time to mark as the T. T. 4 applications are very plentiful owing to the taluk supplying three other taluks with toddy; and besides this, the groves are far, hence the delay; but after the Divisional Officer's visit, instructions have been issued to mark the trees within one week from the date the money is remitted to the Treasury.

The outstanding in the Hunsur Taluk could not easily be collected as the contractors had just started work; and as the paying up of the security deposit together with the amount for the trees purchased plus the monthly rental comes very hard on them at the onset, they were not pressed to pay up. Besides if too severe measures are adopted for the recovery of money due by the contractors, they are afraid to come and purchase shops at the sales, and the consequence is that the sales fall. The amount of outstanding for the current year is Rs. 750, which is being daily collected. Do what we may, there will be an outstanding always.

Regarding the inspection work done by me, I beg to state that what work I really have done I have noted in my diary. Besides it is very difficult for me to cover travelling expenses on the salary I draw, which is scarcely enough to keep body and soul together. Not only this, I have no places to stay in when I go out to the villages and groves, and many a time have I slept in the cart in the rainy weather, with the rain beating in on both sides; and in the hot weather I have often slept in the open air and thus exposed myself to all sorts of weather. So I beg that the Excise Commissioner will be pleased to order the supply of a small tent of some sort to enable me to carry on my out-door work more to the satisfaction of my superiors. The days on which I have halted at head-quarters I have done inspection work, etc.

I have not maintained a pony and, to speak the truth, I cannot afford to buy one as I have not the means to do so. As I had no pony I used to certify that the amount claimed as horse allowance was spent in conveyances, and it was I who told the Divisional Officer when he came that I had not maintained a pony and that I had not the means to do so as I did not wish to deceive him by saying that I had a pony. I only affixed the certificate as a matter of form and that only for one month. A pony is of very little use to me, Sir (by saying this I beg that the Excise Commissioner will not be of the opinion that I cannot ride—I am as good a rider as any other Inspector in the service), as I alone can get on with it. What about my things, cooking utensils, etc., who is to carry all this for me when I go out? and if I keep a pony I must keep or hire a cart also; how can I keep both? I can ill-afford to keep any of them on my present pay and allowance. Besides, if I do get a pony, I will have to get a good strong one, as those that can be had cheap will not answer me, as I am a heavy man weighing some 200 and odd pounds, and I must have a strong and large animal to carry me, and getting this strong animal means money, which I cannot raise even by borrowing it, as no one will lend. I beg that the Excise Commissioner will consider all this.

The licenses were given to the Assistant Inspectors for preparation, and there has been a delay, but I had repeatedly remarked on their diaries regarding the early preparation and submission of the same. The licenses of the Heggaddevankote Taluk have been submitted to the Deputy Commissioner for signature and some licenses were received here at the time of the Divisional Officer's visit from Heggaddevankote Taluk. Those of the Hunsur Taluk are being prepared and will be submitted soon.

In conclusion I beg to state that many of the omissions noticed by the Divisional Officer have existed from the time of my predecessors (I do not say this with the object of casting a slur on the work of my brother officers, no, far from that) and I being quite new to the Executive branch, I could not find out these things until they were pointed out to me, and in fact I was quite ignorant of the same. I further beg to state that I have explained everything plainly and to the best of my ability, and humbly beg that the Excise Commissioner will in no way be displeased if I have put things too plainly. I will in future do my best to please my superiors.

Financial, dated 30th November 1903.

(4) *Docket No. 22—Ex. F. 1-97, dated 16th July 1903, from the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, to the Excise Commissioner in Mysore.*

Correspondence ending with his letter No. 5015—260, dated 2nd April 1901, submitting, among others, proposals for the revision of the office of the Excise Commissioner.

With reference to the above, has the honor to state that the Government are not prepared to sanction the entertainment of more than three additional clerks, and to request that he will be so good as to revise his proposed scale so as to bring in the additional cost, both of entertaining the new men and of suitably increasing the pay of the existing men, to Rs. 200, and to submit to Government a proposition statement in the prescribed form, showing therein the name of the office and the pay for the three additional men and also of the increases he would propose for the existing establishment.

(5) *Government Proceedings No. 40—Ex. F. 1-97, dated 21st July 1903.*

READ—Correspondence ending with D. O. letter, dated 19th February 1903, from the Excise Commissioner in Mysore, submitting proposals for the revision of the Excise establishment.

ORDER THEREON.—In the above correspondence, the Excise Commissioner proposes, among other things, to make permanent the temporary establishment costing Rs. 69,132 per annum, excluding that of his own office, which is being separately dealt with. Before this is sanctioned, the Excise Commissioner is requested to submit for the approval of Government a set of rules for regulating the recruitment to the subordinate grades of the Excise Department, and report to Government if the men already employed have received any training and are properly qualified.

(6) Letter No. 1173-44, dated 30th July 1903, from the Excise Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

With reference to Government Proceedings No. 40—Ex. F. 1-97, dated 21st July 1903, I have the honor to state that most of the Inspectors are the old servants of this Department, who received training in technical matters under the late Mr. McDonnell, who was Special Excise Assistant Commissioner. Those who were newly entertained as Inspectors, were selected from Semi-Graduates and Under-Graduates, with the exception of two or three persons, who were appointed on family considerations. Before they were sent out, they were trained in the Government Central Distillery and Excise Laboratory in Bangalore. Most of the Assistant Inspectors are those selected by the Deputy Commissioners of Districts from Shekdars, Gumastas, Anche Mutsaddis and Amins employed under the old District Toddy Contractors. Mr. Kearns, whose services had been lent to Mysore for several years by the Madras Abkari Department, went round under my instructions into all the districts and gave lessons to both Inspectors and Assistant Inspectors, after the introduction of the Tree-Tax system of administration of Toddy Revenue and of improved systems under other items of Excise Revenue. The present Excise Divisional Officers also during their tours of inspection, give them lessons in Departmental matters. Therefore they are fairly qualified. Even after the transfer of the temporary establishment to the permanent scale, those who are not fully qualified will be continued on probation or replaced by competent men, the following course being adopted:—

The Deputy Commissioners with the help of the Excise Divisional Officer will be asked to inspect all the Assistant Inspectors and Sub-Inspectors and decide upon their physical qualifications. Those who will be found physically fit for active service, will be confirmed after they pass the prescribed Excise Examination within one year. All inefficient or superannuated persons will be removed or retired from the service, or reverted to their former posts.

2. A set of Rules for regulating the recruitment to the subordinate grades of the Excise Department, is herewith submitted, as requested.

3. As the Assistant Inspectors also have very often to investigate and prosecute cases under the Excise Regulation and Opium Act, it is necessary that they should be acquainted with principal portions of the Code of Criminal Procedure and Evidence Act. Accordingly, I beg to request that the following selections may be included in the subjects prescribed for the Excise Examination:—

CODE OF CRIMINAL PROCEDURE.

Chapter V—Arrest, escape and re-taking.
Chapter VI—Processes to compel appearance
Chapter XIV—Police investigation.
Chapter XX—Trial of summons cases.
Chapter XXXI—Section 417.
Chapter XLIII—Section 517.

EVIDENCE ACT.

(ENCLOSURE IN No. 6.)

Draft Rules for regulating the appointments and promotions in the Excise Department of the Mysore State :—

Draft Notification.

The following rules are prescribed by the Government of His Highness the Maharaja of Mysore, for regulating the appointments and promotions in the Excise Department :—

(1) No person shall be appointed an Excise Inspector, who has not passed the Excise Test and Criminal (Lower Grade) Test of the Local Service Examinations.

(2) Claims of candidates for appointment or promotion to the post of Excise Inspector, shall be accorded preference in the following order :—

(*a*) Graduates in law who have passed the Excise Test.

(*b*) Other Graduates who have passed the Excise Test and Criminal (Lower Grade) Test.

(*c*) Under-Graduates who have passed the Excise Test and Criminal (Lower Grade) Test.

(*d*) Non-Graduates who have passed the Excise Test and Criminal (Lower Grade) Test.

(3) Every person before being sent out as Excise Inspector, shall undergo training for a period of not less than three months in the Government Central Distillery and Excise Laboratory and in the Riding School.

(4) No person shall be appointed an Excise Assistant Inspector, who has not passed the Excise Test of the Local Service Examination.

(5) Claims of candidates for appointment or promotion to the post of Excise Assistant Inspector, shall be accorded perference in the following order :—

(*a*) Graduates who have passed the Excise Test.

(b) Under-Graduates who have passed the Excise Test.

(*c*) Non-Graduates who have passed the Excise Test.

(6) No person shall be eligible to a post in the Excise Department, carrying a pay of Rs. 15 and upwards, unless he has passed at least the Matriculation Examination with Kannada as optional language.

(7) No person shall be eligible for appointment to a post carrying a pay of less than Rs. 15 per mensem, unless he has passed the Mysore Lower Secondary Examination in English or Kannada.

(8) Any officer who, on the ground of qualified men not being available, deems it necessary to appoint unpassed men, shall obtain the sanction of the Excise Commissioner ; and such sanction shall not be given unless the vacancies are advertised in three successive issues of the *Mysore Gazette*, and unless in response to such notification, no applications from qualified candidates are forthcoming within a month of the last issue of such notification. In the *interim* it shall be competent to the officer to fill up the vacancies temporarily with such men as he may select.

(9) A pass in the Excise Test, Criminal Test (Lower Grade) and Account Test shall be an essential qualification for all clerks and accountants drawing more than Rs. 50 in the Excise Commissioner's office.

(10) The above rules shall in no wise affect the promotion of old officials of approved service in the Department.
